

OWNER OF THE BONES.

Stolen from Chinese Club House.
En Route to China.

There were tears in the eyes of Ah Chun yesterday afternoon as he walked wearily into the police station and asked for the bones of his relatives. He had been searching the town over for a certain black valise in which were stored the bones of his brother and cousin. He was going away on the Coptic and it was imperative that he get the bones. The police station was his last resort and such it proved, for he was immediately locked up.

About a fortnight ago Officer Needham found a black bag labeled "Dynamite" at the corner of Fort street and Chaplain lane. Upon opening it two complete skeletons were found. These were taken to the police station and since that time the police have been after the man who dug up the bones.

Nothing was found out about the matter until yesterday.

Following is Ah Chun's story: "I came down from Kauai some time ago and brought the valise of bones, intending to take them home to China, according to the custom of my people. I took it into our club house on Hotel street and left it, thinking it was perfectly safe there. Upon returning I found the valise gone and have been searching for it ever since."

It is presumed that some one took the valise thinking it contained valuables, and finding nothing but bones dropped it on the street after labeling it dynamite for a joke.

Wong Chan and Wong Kum are the two Chinamen who saw Ah Chun take the bones into the club house.

The law in regard to protection of places of sepulture reads as follows:

"If any persons, not having any legal right to do so, shall wilfully dig up, disinter, remove or convey away any human body from any burial place, or shall knowingly aid in such disinterment, removal or conveying away, every such offender and every person accessory thereto, either before or after the fact, shall be punished by imprisonment at hard labor for not more than two years or by a fine not exceeding \$1000."

Claims the Banana Championship.

Two Broad street celebrities—Messrs. Talman and Perkinson—indulged in a banana-eating match last night. The conditions of the match were as follows: Talman was to eat more bananas in ten minutes than Perkinson or pay for the lot, otherwise a collection was to be taken up among the crowd of sports present to pay for them. The conditions were faithfully observed under the watchful eye of Referee Andrew Ginter. At the end of ten minutes Talman had concealed thirty-nine bananas and Perkinson had stored away but thirty-four. Talman is therefore the champion banana eater, with a challenge open to the world.—Baltimore State.

Police Court Cases.

In the police court yesterday morning seven cases of drunkenness paid the usual fine.

In the case of Manuel de Poutt and Pung Chong, for affray, a nolle prosequi was entered and defendants discharged.

The case of D. Makaohea, for larceny in the third degree, was continued until February 4th.

IN THE BEGINNING

Of the new year, when the winter season of close confinement is only half gone, many find that their health begins to break down, that the least exposure threatens sickness. It is then, as well as at all other times, and with people even in good health, that the following facts should be remembered, namely: That Hood's Sarsaparilla leads everything in the way of medicines; that it accomplishes the greatest cures in the world, and requires the largest building in the world devoted exclusively to the preparation of the proprietary medicine. Does not this conclusively prove, if you are sick, that Hood's Sarsaparilla is the medicine for you to take?

TREE PLANTING ON MOLOKAI.

Nurseryman Rhodes Leaves for the Settlement—Trees Taken.

Up to the present time the work of planting trees has not been very successful on Molokai, but now a new era has been started and Molokai will have her trees.

H. J. Rhodes, of the Government Nursery, left by the steamer Mokolii yesterday afternoon for the leper settlement at Kalaupapa and took with him over twenty-five varieties of trees that have done well on this and other islands of the group. Among these were varieties of casaurina, accacia, eucalypta and other hardy trees.

Lumber has already been sent to Molokai for the propagating house, which will be pushed to completion in as short a time as possible. Here the seeds will be allowed to germinate and then transplanted outside. They will be gradually acclimated and then distributed for planting all over the settlement.

Mr. Rhodes has instructions to propagate a large number of the pandanus odoratissima (lauhala). This plant will do well on Molokai, being fully able to withstand the salt spray and heavy winds. Thousands will be planted along the shore, forming a kind of belt.

Trees will be given away to the people at the settlement for planting purposes. It is thought that prizes will be given to successful planters, this method being deemed a good one by means of which to stimulate interest in the undertaking.

Mr. Rhodes will be assisted in the work by W. Clark, of the settlement. He will be instructed fully in the work, and will probably have charge after Mr. Rhodes leaves. That gentleman will be gone about a month.

To Meet in Frisco.

CHICAGO, Jan. 16.—A decision has just been reached to hold the next national convention of the W. C. T. U. at San Francisco in October, 1896. Mrs. B. Sturtevant Peet of San Jose, president for Northern California, will be the hostess of the convention.

There will be a special sale of Dr. Jaeger's Sanitary Wool Underwear at Tracey's, to reduce stock. Prices will be \$3 per suit for regular sizes, and \$3.50 per suit for extra large sizes.

Ladies' suits, all sizes, white and natural, at \$3 per suit. Do not let this opportunity pass to get these goods at much less than their value, as the sale will only last till stock is reduced.

Mules for Sale.

DR. J. COLLIS BROWNE'S
CHLORODYNE.
Original and Only Genuine.
CROUPS,
COLDS,
ASTHMA,
BRONCHITIS.

Dr. J. Collis Browne's Chlorodyne. Vice-Chancellor SIR W. PAGE WOOD stated publicly in court that Dr. J. COLLIS BROWNE was undoubtedly the INVENTOR OF CHLORODYNE, that the whole story of the defendant Freeman was deliberately untrue, and he regretted to say it had been sworn to. See The Times, July 13, 1864.

Dr. J. Collis Browne's Chlorodyne is a liquid medicine which assuages PAIN OF EVERY KIND, affords a calm, refreshing sleep WITHOUT HEADACHE, and INVIGORATES the nervous system when exhausted. Is the Great Specific for Cholera, Dysentery, Diarrhoea.

The General Board of Health, London, report that it ACTS as a CHARM, one dose generally sufficient.

Dr. Gibbon, Army Medical Staff, Calcutta, states: "Two doses completely cured me of diarrhoea."

Dr. J. Collis Browne's Chlorodyne is the TRUE PALLIATIVE in Neuralgia, Gout, Cancer, Toothache, Rheumatism.

Dr. J. Collis Browne's Chlorodyne rapidly cuts short all attacks of Epilepsy, Spasms, Colic, Palpitation, Hysteria.

Important Caution.—The immense sale of this Remedy has given rise to many unscrupulous imitations.

N. B.—Every Bottle of Genuine Chlorodyne bears on the Government Stamp the name of the inventor, Dr. J. Collis Browne. Sold in bottles 1s. 1d., 2s. 6d. and 4s. 6d., by all chemists.

Indurine

A Cold Water Paint Especially
Designed for Inside Work on

Factories and Public
Buildings.

It is a dry powder which can be prepared for use by simply stirring in COLD WATER, and can be applied by any one and will always produce good work.

It is VERY WHITE, extremely reflective, and hardens on a wall like stone and will take any tint.

It will last for years and is unaffected by gases.

One coat covers better than two coats of oil paint or whitewash.

It can be used on any surface and for all classes of work, even for the finest decorating.

Outside Indurine.

This Is for Outside Work.

Such as Fences, Outbuildings and Laborers' Quarters. It is a thick paste to be diluted with cold water; stands rain and exposure, as well as oil paint, and costs but a fraction as much.

COLD WATER KALSONNINE

Adapted for Dwellings, Offices and Public Buildings, or any other place where KALSONNINE is used. It will not rub, discolor, or scale off.

LUCOL.

A new Paint Oil. It comes raw and boiled; is superior to linseed, and covers with one-third less lead and pigment to the gallon.

Bed Rock Prices!

A Model Plant is not complete without Electric Power, thus dispensing with small engines.

Why not generate your power from one CENTRAL Station? One generator can furnish power to your Pumps, Centrifugals, Elevators, Plovers, Railways and Hoists; also furnish light and power for a radius of from 15 to 20 miles.

Electric power being used saves the labor of hauling coal in your field, also water, and does away with high-priced engineers, and only have one engine to look after in your mill.

Where water power is available it costs nothing to generate Electric Power.

THE HAWAIIAN ELECTRIC COMPANY is now ready to furnish Electric Plants and Generators of all descriptions at short notice, and also has on hand a large stock of Wire, Chandeliers and all Electrical Goods.

All orders will be given prompt attention, and estimates furnished for Lighting and Power Plants; also attention is given to House and Marine Wiring.
